Texas Trainer Institute

**IIM: Independent Investigation Method
Trainer Institute
January 9-12, 2012**

"I had been dreading doing our Independent Studies this year and was looking for a 'research' program to use with my gifted students K-5. Your program was and is my solution! Thank you for being committed to a positive, fun, hands-on approach to learning." (G/T specialist—El Paso)

Benefits for your school/district with an IIM Trainer

- This proven model will support all students in independent research assignments.
- The rigorous strands included in the new ELA TEKS will be met.
- Students will learn methodology necessary to meet TPSP requirements.
- Advanced-level product development will be promoted.
- Sequenced skills development is monitored from grade to grade.
- Cost effective training will be done on-site by your own certified staff members.

Participants team up with other master teachers to design customized training programs for their school/district.

Institute participants are trained directly by Program Developers Virginia and Cindy.

"....an absolutely wonderful and truly inspirational 4 days, especially the way you customized the sessions and flexed as needed to meet group and individual needs." (Librarian-Pearland)
